- Supplied with a 1.8m VDE cable and approved plug

DESCRIPTION

These slim and adjustable folding SMD LED site lights give an even spread of light through a beam angle of 100 degrees. The colour temperature is 6,000 to 6,500K – cool white to daylight – meaning fewer shadows. The IP65 and IK06 rated site lights are made from cast aluminium, carbon steel and toughened glass and are suitable for industrial use. They have bumpers for protection and come supplied with a 1.8m VDE cable and an approved plug. These slim and adjustable folding SMD LED site lights are part of a wide range of SMD LED site lights available from Draper Tools.

Manufactured and certified to UKCA, CE
