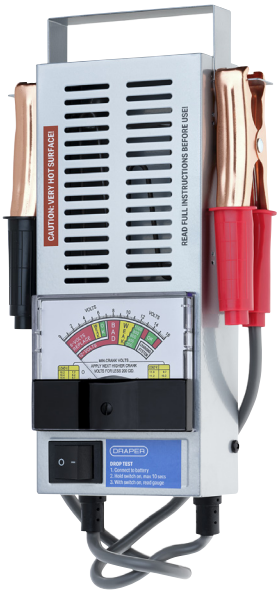
Battery Drop Tester, 100A

STOCK No. 31290 **BRAND** Draper

BARCODE 5059482116032

WARRANTY 12 months parts and labour



FEATURES

- Quickly assesses battery health with 100A load testing for reliable results
- Measures 200–1000 CCA range, suitable for most automotive batteries
- Clear meter display and simple rocker switch for easy operation
- Fast, accurate readings (±2%) to support quick diagnostics
- Durable metal housing with copper cables for long-term reliability
- Heavy-duty, shock-resistant design withstands workshop use
- Strong copper-plated clamps ensure secure, stable connections

DESCRIPTION

This battery drop tester checks the condition and output of 6V/12V vehicle batteries under load. With 100A load testing, it quickly assesses battery health with reliable results, featuring a clear meter display and simple rocker switch for easy operation.

CONTENTS

1 x Battery Drop Tester, 100A

SPECIFICATIONS

Voltage	6V/12V
Max Capacity	100A
Load Simulation	100A
CCA Range	200-1000
