Brake Disc Caliper with Tread Depth Gauge, 0-60mm

STOCK No. 20219 **BRAND** Draper

BARCODE 5059482067877

WARRANTY Lifetime

FEATURES

- Lever action jaw enables easy removal of caliper from disc while retaining reading
- Clamping screw to easily retain reading
- Lightweight and compact design for access in confined spaces
- Includes brake pad thickness gauge

DESCRIPTION

This brake disc measuring gauge has a lever action jaw enabling the easy removal of the caliper from the disc while retaining the reading. Additional clamping screw holds the gauge reading. It also features a tread gauge which can also be used to measure the brake pad thickness. The lightweight and compact design makes it ideal for access in confined spaces.
