Draper Expert Auto-Darkening Multi-Use Welding Helmet, Shade 5-13

BRAND Draper Expert

WARRANTY 12 months

FEATURES

- Auto switches on striking arc
- Shade coverage includes 4, 5–9 and 9–13
- Solar powered
- Variable sensitivity and dark to light delay (stepless)
- Adjustable headband

DESCRIPTION

This auto-darkening welding helmet instantly switches on when the arc is struck and rapidly changes to the required amount of shade. The shade coverage includes 4, 5–9 and 9–13. The sensitivity is adjustable using the control panel and there is also a dark to light delay (stepless) function. The helmet is powered by a solar cell and lithium-ion battery (replaceable) for fast switching and low amp sensitivity. The 100 x 67mm viewing area provides decent visibility of the weld zone. It is suitable for TIG, MIG and ARC welding, plasma cutting and also grinding using the dedicated setting. The comfortable headband is adjustable using the knob to enable an optimal fit.

SPECIFICATIONS

Suitability: TIG, MIG, ARC, grinding and plasma cutting
Lens size: 100 x 67mm
Shade levels: 4, 5–9 and 9–13
Lens switching time: 1/10,000s
