240V Far Infrared Diesel Heater, 18kW

STOCK No. 36661 **BRAND** Draper

BARCODE 5059482125447

WARRANTY 24 months parts and labour

FEATURES

- Far infrared heating provides even, all-direction warmth
- High heat output quickly warms medium to large spaces
- Fuel efficient for longer runtime and extended use
- Low noise operation suitable for indoor environments
- Remote control included for adjustable thermostat with digital display
- Danfoss nozzle and robust industrial build

DESCRIPTION

With high heat output, perfect for medium-to-large spaces, far infrared heating provides even, all-direction heat that warms people and objects – not just the air. And with remote thermostat control, you can easily adjust the temperature without leaving your station.

CONTENTS

1 x 240V Far Infrared Diesel Heater, 18kW
1x Flue Kit (36882)
