- Magnetic tips with black phosphate coating for added durability
- Ergonomic soft grip comfort handle with drive type colour identification
- Anti-roll design for safety on flat surfaces
- Hang holes for convenient storage
- Supplied inside a plastic storage case with transparent lid

DESCRIPTION

This soft grip screwdriver set offers a selection of popular sizes. Each screwdriver has a hardened chrome vanadium steel round blade with chrome plating for corrosion protection. The blade tips are magnetic to hold the screw in place, making it easier to deliver more accurate force and precise fastening and loosening. The tips also have a black phosphate coating for added durability. They are fitted with an ergonomic soft grip comfort handle with drive type colour identification. The handle shape helps ensure the screwdrivers do not roll off flat surfaces. There is a hang hole integrated into the handles for convenient storage. Supplied inside a plastic storage case with transparent lid.

Draper TX-STAR® products are compatible with †Torx fixing systems. †Torx is the registered trademark of Acument Intellectual Properties LLC.
