The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

The white bread sent in by the Contractor for the last few weeks has been of an inferior quality and sour. The L. G. Inspector Dr. Mackabe on his two recent examinations of the Workhouse strongly disapproved of the quality, and frequent complaints have been made to the Contractor about it, hitherto in vain. Of course it is not quite unfit for use; but it is not what is contracted for; nor is it what should be supplied to poor sick people, and the Medical Officer of the W. House has often complained of it. I would at once buy bread could get it near, but I could not get a supply nearer than Limerick.

Order: The Contractor to be cautioned.

The Reports of the Master and other Officers were read, and Orders made thereon as follows:—

To be sold by Auction this day week.

With refce to the letter of the L. G. Board calling for an explanation why I rec'd into store on the 9th & 12th inst bread of bad quality I beg to say I have for a long time been in the habit of complaining to the Board of Guardians of the quality of the Bread & always took every opportunity of drawing attention to it & placed on the Board room table at every Meeting of the Guardians a Sample of the supply & they generally pronounced it of fair quality.
At the time of D. M'Cabes visit the bread was certainly a little sour more than usual & I wd have purchased bread if I could obtain it in the neighbourhood but the few bakers here seldom have on hand more bread than what is immediately required for their Customers. On some occasions I really do not know how to act to get bread at once in the event of its being sour. I might say I am fully cognizant of my imperative duty of insisting on the supplier of bread & milk especially, that of good quality & must state that I have always used my best endeavours to obtain that end - & am now sorry that an occasion arose to require this explan.
Explanation satisfactory.

The Board to examine a quantity of flannel sent in by the Contractor
I wd require a cloth to put in the general store. the one in it is of no use. not one was purchased for the Workhouse since I came to it

* Note on Column 11.—This debit is necessary, as the Stock, which must be continually kept up, represents funds which are locked up, and unavailable. The Stock of Clothing and Provisions having been paid for out of the General Fund, but not being charged to the Electoral Divisions until consumed, their balances are consequently too favourable, and must be corrected when preparing an estimate of their future wants, by a debit of their share of the Stock on hand. This may be done either according to the collective days of relief, or according to Valuation, the latter being the more usual course. If this debit be omitted, the Rate will not suffice for the period estimated for, but will be deficient to the extent of the value of the Stock on hand.

The Workhouse Register was produced, examined, and authenticated, from No. 2540 *to No.* 2582, *both inclusive, by the Signature of the Chairman, and countersignature of the Clerk.*

The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:

The Account with the Union Treasurer is already overdrawn by more than £700. As the new Rates can not be available before the middle of October, I have to suggest that you will direct me to apply to the Treasurer for liberty to continue to overdraw the a/c to the extent of from £2000 to £2500.

Approved.

The abstracts of the Union a/cs for March 77 signed by the Auditor, were signed by the Chairman.

The Auditor reports that upwards of £100 has been expended in structural works in the Privies attached to the Kilmallock Nat. Schools for the purpose of abating a Nuisance reported to exist there; and I have reserved Vouching this item until I communicate with the Local Govt. Board in reference to it.

There is a sum of £5:10:0 included in Mr Manners a/c for Works executed in connection with the Privy belonging to the Police Barrack of Kilteely which appears to me to require explanation: The Clerk is therefore requested to be good enough to ascertain the particulars as to how and why the Guardians were called upon to incur this expenditure instead of the owner or the Authorities.

(Reply) It appears it was in the Nat. School & not the Police Barrack that the Water Closets were repaired. There was no owner to apply to for the expense

(see further page 248)

The Ledger was produced by the Clerk, posted up to the last day of Meeting with the proper Debits and Credits, as ordered on that day.

The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had been received during the week, - - - £ : : .

And that the Balance on the Account against the Guardians was £688 : 1 : 8

The Book was signed by the Chairman.

The Weekly Balance-sheets of the several Collectors were laid before the Board, their accuracy having been first ascertained and authenticated by the Clerk.

The following replies to the three Queries forwarded by the P.L. Unions Inquiry Commissrs. were unanimously adopted

Query 1. It would be impossible to dispense with the Kilmallock W.H. owing to the fact that the average daily No. of Inmates is about 630. and Kilmallock is one of the Workhouses originally built. Moreover it is one of the largest County Unions in Ireland.

Query 2. See reply to No 1.

Query 3. No additional Workhouse or Hospital accommodation is required as we can accommodate about 200 more in this Workhouse. All our accommodation is within the Walls of the

the Workhouse.

We approve of the Amalgamation Scheme as we consider there are too many Workhouses in Ireland, and the amalgamation or rearrangement will effect a large saving to the ratepayers. Whenever the Amalgamation shall take place we hope the Commissrs. will recommend that one of the closed Workhouses in each Province be set apart for the accommodation of Idiots and harmless Lunatics, with a special set of Officials to attend to them, as they cannot be properly attended to in Ordinary Workhouses.

The question of erecting a Bakery was Ordered to be Considered early in March next.

The intended prosecution of John Kennedy at suit of Ellen Regan was withdrawn

Letter dated 20. Sept. from D. Coll. V.S. Cattle Inspector: reporting that on the 14th inst: he visited the farm of John Kennemy. Kilmurray to see 2 Cows reported to be suffering from P. pneumonia & found them to be so affected, & Ordered them to be slaughtered. He has since his appt. sent in Monthly Report as to infected farms & hopes he will be allowed to continue to do so – as he cannot see the use of making weekly reports – as every case he finds of P. pneumonia is reported on the following Thursday. &c: &c: &c: (Read.)

The Claim of Chief Town on John Bourke for John Mc Namara was withdrawn as the latter was only a Weekly Laborer.

The Reports of the Master and ~~other Officers~~ were read, and Orders made thereon as follows:—

On Sunday last at 5. o/c a Man named Michael Hickey aged 19 years was taken in the Workhouse Van from Kilganiff, about 3 miles beyond Kilfinane with his hand and arm up to the shoulder literally Crushed into pulp.

He was employed on the previous day, Saturday at a threshing Machine, and at 5 o'clock same day, he was caught by the rollers and thus torn. Of course I sent for the medical Officer at once who attended very promptly, and had him taken from the Van and placed in bed, and asked me obtain the professional assistance of D. Riordan for whom I immediately sent a Messenger; and altho' he was just sitting down to dinner he started on the instant, and remained with D. O'Connell in the Workhouse until nearly ten o'clock in attendance on the poor Man the Stump of course was Amputated; and the Man progressing now very favorably. This is only one time more of the extraordinary Kindness & humanity shown by Doctor Riordan, who upon many occasions exhibited the greatest promptness and patience in assisting at dangerous accidents requiring treatment in the Workhouse. The Board will, of course, Order a cheque for his fee. (Order, to be paid £2:2:0:)

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

Surgery. 4. Oct 77.

Gentn

I have to report that Michael Hickey aged 18 years was received into the Workhouse Infirmary on last Sunday evening from Glenroe, suffering from a dreadful and lacerated injury of his right arm and forearm having been caught the previous evening by the beaters in the drum of a threshing Machine while putting a sheaf into it.

It was rather hazardous to attempt doing anything for the accident on his arrival here, he was so exhausted. As soon however as he rallied by stimulants, and by the coming here of Dr. Riordan sent for at my request by the Master, I amputated the arm, ably assisted by the Doctor, and we remained with the case up to 9 o'clock.

I am now happy to inform the Board, that the poor fellow is going on favorably.

The Workhouse Register was produced, examined, and authenticated, from No. 2845 to No. 2907, both inclusive, by the Signature of the Chairman, and countersignature of the Clerk.
The Out-door Relief Register was produced, examined, and authenticated from No. 1271 to No. 1272, inclusive, by the signature of the Chairman and countersignature of the Clerk.
The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:

Gentlemen:

In obedience to the annexed Summons from the Clerk of the Peace of the Co. Limerick – and Telegram from Local Crown Prosecutors Office – I had to attend on Wednesday 24. Oct. before the Grand Jury – and then from day to day until late on Saturday when at last the case was called on.

The title of the case was "The Queen – v – Connolly & English" on bail for rescue of Hay seized by W. Wallis Poorrate Collector. W. Wallis had the defendts Summoned to Petty Sessions at Kilmallock and he was bound over to prosecute. The Solr. for the defendants set up as a defence that the Property seized was in Bankruptcy – and that the Collector had no right to seize it, but the Chairman held that the Collector was justified in seizing the property in paiyment of the Poorrate due. The parties were then ordered to come up for judgment when called on.

I would respectfully suggest to the Authorities that where parties are Summd as Witnesses, solely in their public Capacity – such cases should get precedence of private cases, and allow such officials to return to their own duties. This case did not occupy ten minutes scarcely – and yet Mr Wallis and I were detained 4 entire days by it – at serious expense & loss of time.

I remain &c. R. Quigley Clerk Union

(Read – and approved.)

The Ledger was produced by the Clerk, posted up to the last day of Meeting with the proper Debits and Credits, as ordered on that day.

The Treasurer's Book of Receipts and Payments was produced, by which it appeared that there had been received during the week, - - - £541 : – : –

Paid during the week, - - - - - £258 : 1 : –

And that the Balance on the Account of the Guardians was £2093 : 14 : 11

The Book was signed by the Chairman.

The Weekly Balance-sheets of the several Collectors were laid before the Board, their accuracy having been first ascertained and authenticated by the Clerk.

The Revision of the Parliamentary Voters List having been Completed, the Board ordered payment to the Clerk of the usual Annual allowance, viz: £20.

The following Orders of the Local Government Board for Ireland were laid before the Board, and directions given thereon, as follows:—

The following Letters, from the Local Government Board for Ireland and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

21. Nov: 77. E From Doctor Sullivan, requesting on behalf of Mrs. DeBurgh a revision of part of her property at Ballyshonkin (B. Rhanby. E.D.).

Referred to Revisor:

22. Nov. 77. E From Miss Alice Copley asking permission to erect a headstone at her deceased servants grave in Shandonan Burial ground: dimensions 5 feet + 2 6 in.

Leave granted. To pay 2/6 fee.

22. Nov. 77. E From M. O'Donnell, Solicitor, stating that the Case of the Ballyclay Burial Ground, is in the hands of D. B. Heron Esq. Q.C. and that he expects to have it by Monday, & to lay it before the Board at their next meeting.

Read.

22 Nov.

22. Nov. 77. E From James Ryan, Quarryhill, denying that any marking stone was taken from any grave in Ballingilloch Burial Ground. And that the stile will be put up in a few days. &c: (Read.)

Upon motion of Mr Gilbeson, it was ordered that Edmund Raleigh of Kilmallock be appointed Master Shoemaker, @ 15/— per week until such time as the Board may think proper to make a permanent appointment.

Mr Michael Ryan J.P. gave notice that on this day fortnight the 6th of Dec: he will move that, The Master be required to take charge of the management of the Farm at such an increase of Salary as the Board may determine.

22. Nov. E From O. Toll, V.S. in reply to the letter of Mr Joseph Tinby relative to the death of a Cow his property: stating that when the Summons reached his address he was not at home, but on his return the following day he immediately attended & found the animal dead. He was informed by a Servant of Kirbys that he saw the Cow dead at 8 o'Clock a.m. on 2@ Nov. & that this is exactly about the time the Summons reached his address, and that even were he at home he could not possibly see the animal before she died. Therefore he thinks the Guardians cannot legally give Compensation. Mr Toll also draws attention to the fact that the animal was dead about 20 or 24 hours after notice was given to the Bluff Police. In his opinion any animal after showing the first symptoms of p. pneumonia could not possibly be swept away in such a short period of time; & there can be no doubt the animal was suffering longer than is stated.

The explanation is considered satisfactory.

Mr. Wm. Ryan

468.

Mr Wm: Ryan gave notice that on that day fortnight he will move that the order of 20th Sept: last relative to the erection of an Oven on the premises – and to take the question of building an Oven into consideration on that day.

That there are three strong able bodied young fellows in the House named Ryan. Noonan and Kelly. and to say the very least, they cannot be controlled in the Workhouse, and their conduct is very bad indeed especially in the sleeping Wards; two of them are shoemakers and I had to take them from the Shoemakers Shop: and gave them a task of stones to break and even by Constant Watching of them I could only get them to break about 3 cwt a day. (To be summoned.)

The 2 other young fellows accused of breaking in thro' the Water Closets from outside have been summoned, & will be before the Petty Sessions Court on tomorrow. (Read.)

The following Letters, from the Local Government Board for Ireland and others, were read by the Clerk, and directions given to answer them respectively, to the following effect (or Orders made on them respectively, as follows):—

24. Nov. 77. } Letter from Lieut Col. R. Mansell, enclosing a list of Queries regarding the "Boarding out system" in this Union - & requesting replies thereto. (Order) To be answered by the Clerk.

The Resolution of the Guardians of S. Dublin Union in favor of a repeal of the Cattle Disease Act, having been read: it was

Resolved: That this Board does not concur with this Resolution

27. Nov. 77. } From M. O'Donnell, Solicitor, forwarding to the Clerk the case submitted to D. C. Heron Esq. Q.C. in the matter of Ballyhay Burial Ground - together with an Enlargement of the Ordnance Map of the land: and referring to Counsels direction as to demanding possession of Mr. Harrison. And advising that before Commencing Ejectment proceedings the Sanction of the L. G. Board should be obtained.

Copy opinion

Copy opinion.

The Case, altho' Complicated is stated very clearly and plainly. I am of opinion that Mr Harrison could have no title to either "C" or "B" except by adverse possession, and on the facts stated he has gained no title by adverse possession of either "C" or "B." The Estate belongs to Mr Hutchins. Mr Harrison is only his Tenant, yet he claims by encroachment to have acquired the fee in the property of his landlord. I have no doubt on the evidence "C." (and "B.") are part of the ancient Grave yard, consecrated and conveyed irrevocably for the purposes of Burial. And it is the duty of the Guardians to protect the ancient burial ground from private spoliation. I presume clear evidence can be given that "C" and "B." as stated in page 3 of Case were fenced & planted by the Parishioners, and from time immemorial have been known to be part of the Ballyhay Burial Ground. Of course, these facts must be proved at the Trial of the Ejectment, as the Plaintiffs in Ejectment must recover on the strength of their own title.

I advise a formal demand of possession by letter from agent on behalf of the Guardians describing specifically the two portions "C" and "B" so that there can be no doubt ~~thereof~~ whatever as to the property demanded. I advise also the Guardians to pass a resolution authorising a person to go on the lands and demand possession. That person should also demand possession at Castle Harrison. I advise the ejectment to be issued and served before the 1st of January. In the Ejectment the two small pieces of land should be separately described by metes & bounds and described as part of the Burial Ground of Ballyhay. No further direction occurs to me I consider the Guardians entitled to recover. In Mr. O'Donnells letter demanding possession he should state an ejectment will be brought if possession be not given up. (D. C. Heron.)

Order: Apply to the Commissr of Valuation for an extract from the Valuation List of Rathdaugh E. D. Containing the area & exemptions of Ballyhea Burial Ground. And also a Sketch from the Ordnance Map shewing the exact boundaries of the Burial Ground of Ballyhay. The Board of course, will pay the Office charges.

The Solicitor, Mr O'Donnell, is hereby directed to write a formal letter to Mr. Harrison demanding possession, and informing him of the intention of proceeding by an Ejectment - as advised by Counsel

Mr. O'Sullivan moved that the Clerk of the Union, Mr. R. The Clerk's Report on the execution of Orders previously made by the Board was read, to the following effect:

That he proceeded with the Clerk of Works to Ballyhea Burial Ground on Saturday 8. Dec: to demand possession from Mr Harrison of the disputed piece of land and also of the, so called, double ditch. Mr Harrison was from home; but, as I informed him by letter of my intended visit, he Courteously left a message for me with the lady of the House, to say he would return immediately from Charleville whither he had gone. Mr Begley & I therefore remained for his return, and having told him on his return my orders, he at once said he declined to give possession of the 2 pieces of ground B. & C.C. and as regards the "double ditch" he thinks it is Mr Hutchins property and he himself would have no objection to the Guardians having possession of it - if they did not cut down the trees &c: &: Mr Harrison is quite averse to law proceedings if they can be avoided - and has instructed Mr O'Shaughnessy, his Sol: to make Searches in the Church Commissr Office for old Maps of the place And whether for or against him he will Communicate with me, or Clerk of the Union, whatever replies he may receive on the matter from the Solicitor.
