Clerk of the Union.

I beg to supply the following explanations of the Complaints mentioned in Brodie Inspector's Report -

Owing to the wet Weather & the children having no day room or place of retreat but the school room before or after school hours from the school yard which is flat & retains the wet. The floor of the school room was not sufficiently clean notwithstanding that it had been washed 2 days previous to the Inspectors visit. The floor has since been repaired in the few places where the boards were worn off.

The new forms of Time tables & Appeal tabled have now been provided. The clock has been repaired. The children made a good examination for the Inspector on the date of his visit which shows that I have not neglected this essential point of duty. I shall take care for the future to have the School accounts punctually made up & in accordance with the Commissioners rules & would have done so regularly but I thought it was not a matter of serious importance until the approach of the Results examination.

The omission of filling in the Report & Roll Books for 2 days - 23-24-25th October - was an oversight on my part that I shall not again neglect. It occurred in this way:- The number children in attendance every day with me is the same except when a boy is admitted or discharged from the Workhouse. I could make no mistake then as to the number in attendance for 2 or 3 days & as I had been a little busy I neglected marking the entries. For the future I shall punctually make the entries in accordance with the Commissioners rules -

I have now entered the grants from the Commissioners since 1st June/82 (having preserved the invoices. I have also filled the 4 summaries at the end of Report Book. for the expired 4th of the year 1883.

I had a rough draft of the entries to be made on the Summary Rolls at the time of the Inspectors visit & have since filled them in. Hardly completing the requirements in the Summary Roll. The monthly averages & Centesimal proportions I have also furnished

I expect having allowed my Short accounts run into arrear
I shall never again give reason to the Inspector to report
unfavourably on same

Transmitting minutes of evidence taken by Dr Brodie at the enquiry held by him into the charge of the Master & Mrs Glanville for being under the influence of drink - on 27 ult. last - minutes to be returned when no longer required - It appears from the evidence. that the Master deposed to the fact of Mrs Glanville having been out of the house for two nights returning in the morning - without his permission - on the night of the 27 ult. he heard a noise at the door outside. ½ 11 o'clock pm he went out & saw Mrs Glanville rather excited & seemed under the influence of drink - she walked steadily into the house & did not stagger - The Watchman (workmaster) P. Rorke, accompanied the Master, corroborated his evidence The night Watchman Jeremiah Nugent deposed he saw her on the night in question at the order gate. accompanied by Constable Mc Carthy - would not say she was under the influence of drink. She walked without staggering but fell on a heap of stones in front of the Porter's Hall. The night was dark & will not say the fall was caused for having drunk taken - Con. Mc Carthy stated that Mrs Glanville was attending his wife in her Confinement she left his house on 27th. Oct. 11 o'c pm he accompanied her to the outer gate of the House. & swore she was perfectly sober. Mrs Glanville deposed that she had not All Day a drop of wine whiskey &c

on the day in question - & she was perfectly sober. on her return to the Wkhouse. she explained the fact of her falling on the heap of stones by the darkness of the night. The Board consider that evidence on the whole does not sustain the charge of drunkenness preferred by the Master against the Asst-Wife. ~~She~~ It appears that she was absent from Wkhouse without leave. which they consider a serious breach of discipline & likely to lead to irregularity - and observing that a few minutes of a Wkhouse. should not be allowed to attend female cases without special permission from the Master & Medical Officer & Rev. McGlanville was before the Board & report read for her. ✕

Mr McAuliffe - Seconder }

Mr O'Shaughnessy proposed a resolution - that the Guardians on next Contract for Tea. Forward the Samples to a Taster in London or elsewhere -

Mr P. Cleary proposed that the samples be laid on the table for inspection -

Mr P Cleary withdrew his resolution - & Mr O'Shaughnessy's was agreed to, and the Clerk directed to write to Limerick & Cork Unions, & find out who is the Taster for these Unions -

A case of admission of Pauper occurred - The R. Officer Mr Lyons stated that the ~~Medical Officer bring a person into the workhouse without a ticket~~. Medical Officer Dr Connell. brought a ~~woman~~ man into the Workhouse. The man it appears was a lodger on the previous night - & being partially paralysed - The Dr admitted him, as fit for Medical Treatment -

The Guardians wish to be informed by the L. G. Board - If the Medical Officer can admit persons into workhouse without a Ticket.

The following letter was read from Mr P. D. Cleary - Kilmallock - P.L.G. B/den

Gentlemen - A letter having been read on 7th inst from C. Union. giving an explanation of what took place on that day week. regarding the letter from Mr Harris requesting the Guardians to ask the Clerk to communicate with R. A. Society. I beg to lay before you the facts of the case. as I consider it necessary in justice to myself -

"The Clerk read Mr Harris's letter. The Chairman - Mr O'Shaughnessy & other Guardians were unanimous in saying it ought be complied with - "The Clerk ~~told the~~ then said. Mr Chairman before you make an order. I wish to say to you that it would be unfair to ask me to reply to" that letter as it does not belong to the business

of the Board. and I will not do it. as people might say afterward I was doing wrong I had no right to do. and the reason I make these remarks is that Mr. I would not like you should make an order, that I would refuse to carry out. The Chairman then said it was the wish of the Board We would like very much that he would write the letter as he said it would not take him the Clerk long to do so. The Clerk again replied that if the Chairman wished him to write a letter he would do so but not do it in the Name of the Board. There was no order made on the letter. The reason is obvious as the Clerk said he would not comply with it if made and the Guardians present left the Board Room quite satisfied that the letter would not be written. That this is a true statement of the occurrence I call on those Members who were present to substantiate and it fully bears out the fact that the Clerk refused not only to do what was of interest to the Ratepayers of which he is so chary as per his letter of last Thursday but further he even refused by anticipation to carry out the instructions of the Board. He left the Board it would be foolish unfair to ask him to write this letter for the expressed reason his other duties did not allow him time though he said when asked to do so it would only not take him 5 minutes & their occult reasons which caused annoyance to the Members present last Board day though quite evidently on that occasion the Clerk himself was the originator of all the annoyance caused and the only party who manifested any temper He repeatedly did not refuse to carry out the order of the Board though before such order could be made he peremptorily & openly stated that if made he would not comply with it This part side by side with his "The Board did not make any order" in his Solicitor's letter and did I refuse to carry out such order as it was never made is a very clever quibble which I presume will not much better the Clerk's position in this matter with the Guardians nor the Ratepayers

J. D. Clery. P. L. G. for Ballyporeen

The Clerk was asked for an explanation & replied that the statement above read was false & that he could not give any other answer to it. He left the Board meeting himself the Clerk not to have utter falsehood — for Clerk asked him to have the Local G. Board hold an Inquiry into the matter - with which the Clerk is satisfied.

However the Board required that the Clerk give an explanation on the 21st inst & furnish the Clerk with a copy of it.

The Guardians respectfully request to be informed whether the Clerk of the Union should furnish any Guardian (who may require to be so furnished) with any letter be in his keeping & for use of the Board.

The Clerk stating that such was the usual practice in Unions - for Clerks not to allow any document out of his possession - without a Board Order -

The cases of Provisional Relief, and applications for relief, were considered and decided on, as set forth in the Application and Report Books.

The number of Provisional Admissions to the Workhouse confirmed was -

Ditto disallowed, - - - - - - -

The number of Applicants admitted to the Workhouse was - -

Do. do. in which relief was continued by the Guardians -

In the Chairman & Gentlemen of the Board of Guardians.
Kilmallock Union —

Sir

I beg to give you the following explanation to a letter written on the 14th inst. by Mr P. D. Clery.

1st. Mr Harris did not ask the Guardians to see the Clerk, to communicate with the R. A. Board: Mr Clery states he did.

2nd We Guardians were not unanimous in having it complied with.

3rd. The Clerk denies having made use of the expression. I will not do it.

4th I did not tell the Chairman that. I would not like him to make an order which I would not carry out.

5th The Clerk states he would not write in the name of the Board unless the Board made an order for him to do so. The Chairman for Brandygate refused to make any order

6th Mr Clery states that the reason is obvious why no order was made as the Clerk states he would not comply with.
The Clerk contradicts this statement also.

7th Mr Clery states. The Guardians present left the room under subscription. The letter would not be written

The Clerk states in Contradiction. That the Guardians present did not leave the room quite unexpected. The orders could not be written.

8th The Clerk did not refuse by anticipation the Instructions of the Board.
as it is the Clerks duty to the Board to see that their orders are were properly made.

9th The Clerk denies. that he was the cause of all the annoyance on the day in question and calls on the Members present to corroborate him in same.

10th The Clerk denies having displayed any Temper on the day in question. except a just Temper. which he also calls on the Members to corroborate. It was easy to judge by appearances which of the Two displayed a bad Temper.

11th The Clerk again repeats that he did not refuse to carry out the order of the Board.

12th The Clerk denies that his Clerk quibble will damage the Clerks position with the Guardians

13. Also that it will damage his position with the Ratepayers unless perhaps with a few. and a very few even will be apt to damage his the Clerks position. but as much as the Clerk [illegible] Letters might do from the Ratepayers

Clerk of the Union.

The following letter was read from Mr P. D. Cleary - Guardian for Bulgaden E. Division.

Gentlemen

Replying to a statement read on last Board day 21 inst by your Clerk, Mr Bolster. This document is farcically called by him an explanation, whereas in truth as you must see it is one continued series of flat and I will say it impertinent contradictions. Now Gentlemen when it comes to this it is usual with those who know or wish to respect themselves to cease further correspondence with a party so acting. Accordingly I now ask you to desire the L. S. Board to hold a sworn Inquiry into the whole of my correspondence with your Clerk for the double purpose of testing mine and your Clerk's veracity in the matter and also that the Board may not be taking up their valuable time every day in listening to letters of explanation forsooth from the Clerk and that it may be clearly laid down by the L. G. Board how far the Clerk may go in refusing an individual member of this Board any and every such information as may be required for the discharge of his duty as a Guardian of the Poor.

Ordered - That the L. S. Board be requested to hold a sworn inquiry into this business.

The Clerk of Union pointed out - that it was no business of the Board of Guardians & that they should not allow this correspondence to go on while the business of the Board was not finished. He also would respectfully request that the Local G. Board would hold an Inquiry into the matter as it is impossible to carry on the Poor Law business so long as he is interrupted every Board day by a Guardian who takes up nearly all the time in discussing a personal matter with the Clerk.

The Clerk replied in answer to L. S. Board letter 6039 for his explanation that he could not have reported the matter of wine been supplied to workmen during the months of Oct. Nov. or Dec. or January as the Bill was only presented on 7th Feby. with persons names.
