- Easy and comfortable to use with soft grip handle
- Lifetime Warranty

DESCRIPTION

XP1000®, manufactured from premium steel forged in Germany. Induction-hardened cutting edges provide ultimate effortless clean cutting and long-term performance. Curved parrot beak jaws pull the cable for a clean cut. The precision-machined pivot pins allow smooth one-handed operation with minimum play for ease of use. A two-part bi-material ergonomic soft grip handle allows maximum grip and user comfort, and horns prevent slipping onto live conductors. Tested to 10,000V, these pliers are suitable for working on live circuits of 1,000V AC and 1,500V DC. The handle also incorporates a tethered fixing solution to comply with Work at Height Regulations (lanyard Stock No. 82474 and wrist strap Stock No. 03740 sold separately). Maximum cutting capacity: 15mm.

Manufactured and individually certified to EN 60900
