FEATURES

- Precise hand-operated scissor action
- Fitted with a non-marking ratcheting tie-down strap to secure loads
- Driven by a 1/2" Sq. Dr. adaptor
- Four heavy-duty swivel castors for manoeuvrability
- Capacity 200kg

DESCRIPTION

This floor transmission jack is designed for lifting and lowering gearboxes, prop shafts and differential units. The hand-operated scissor action provides precise movement enabling users to accurately manoeuvre and fit the transmission assembly. Fitted with a non-marking ratcheting tie-down strap to secure loads. Driven by a 1/2" Sq. Dr. adaptor. Four heavy-duty swivel castors provide flexibility of movement within the workplace. Capacity 200kg.

Manufactured to BS EN1494 Specifications
