BARCODE 5010559645343

WARRANTY Lifetime

FEATURES

- Marked range 10 - 80Nm and 88.5-708 in-lb
- Reversible ratchet head
- Micrometer-type sleeve allows accurate pre-set torque values to be set
- Clockwise right-hand thread torque application only

DESCRIPTION

Reversible ratchet head. The in-lb and Nm scale is engraved on the barrel of the wrench. The micrometer type sleeve allows accurate preset torque values to be set. When torque is reached the wrench produces an Audible click and a release of tension. Marked range: 10-80Nm and 88.5-708in-lb. Clockwise right-hand thread torque application only. Supplied in blow mould storage case.

Supplied with calibration certificate
