FEATURES

- High-quality double-action blades
- Two-handed safety trigger switch
- Strain relief for power cord
- Quick-stop electronic brake
- Supplied with blade storage guard and fitted with 10m cable and plug

DESCRIPTION

This lightweight hedge trimmer is equipped with high-quality 510mm long double-action blades. The robust 550W motor, metal gears and mechanical syncro help enhance the cutting performance. There is a two-handed VDE approved trigger switch with hand guard and quick-stop electronic brake for safety. The front handle switch is large and easy-to-use alongside the rear ergonomic soft grip. The design incorporates strain-relief for the power cord and also a cable hook to help manage the power cord while trimming. The blade encompasses a hang hole for ease of storage. Supplied with a blade storage guard and fitted with 10m VDE approved cable and plug.
