FEATURES

- Three cutting points, which are self-centring and enable much faster drilling
- Titanium and black shanks for a long service life
- Fully ground with a 135° split point for precise centring
- Fitted with a triangular flattened shank, which prevents the drill bit from slipping in the chuck
- Best used in conjunction with a cooling agent
- Suitable for use with steel, non-ferrous metals, wood and hard plastic
- Compatible with a standard 10/13mm chuck
- Sizes 1.0-10.0mm
- Supplied inside a plastic case

DESCRIPTION

These high speed steel drill bits have three cutting points, which are self-centring and enable much faster drilling. Manufactured with a titanium and black coating for a long service life. Fully ground with a 135° split point to prevent drill wander. Fitted with a triangular flattened shank, which prevents the drill bit from slipping in the chuck. Draper Titanium Series drill bits work best in conjunction with a cooling agent. Suitable for use with steel, non-ferrous metals, wood and hard plastic. Perfect for flat and contoured surfaces. Compatible with a standard 10/13mm chuck. Sizes 1.0-10.0mm. Supplied inside a plastic case.

Manufactured to DIN338 and DIN1414-2
