

## **JOB VACANCY**

### **Strategic Lead**

### **Female Offender Whole Systems Approach**

**37 hours per week**

**£30,121.88 to £32,716.18—dependent on experience**

**2 years fixed term contract**

Lancashire Women's Centres have an exciting opportunity for a talented individual with experience of working at a strategic level across Lancashire.

You will take the lead on working to bring together local agencies across the local health, social care, third sector and criminal justice system to develop a multi-agency approach to address the often complex needs of the most vulnerable and disadvantaged women in our community.

Now a year into the project we have been able to make great progress towards our goals, and we are now looking for someone to continue the great work. Working closely with our CEO and our CJS Programme Lead, the post holder will be at the forefront of making a sustained and tangible difference to the lives of many women, with impact both locally and nationally.

By bringing together partners with influence, we are ambitious about what can be achieved to make Lancashire and Cumbria areas where women are diverted from crime at the earliest opportunity, and places where the system works to make early intervention and diversion 'business as usual.'

The successful candidate will be determined, adaptable and an exceptional communicator at strategic levels. You will have experience of working remotely and be able to demonstrate an ability to manage and motivate yourself.

If you feel you have the skills and experience to make this vision a reality then we look forward to hearing from you!

***LWC is committed to safeguarding and promoting the welfare of vulnerable adults and expect all staff and volunteers to share this commitment. This post is subject to DBS.***
