Sarah Swindley
Chief Executive
Officer

Lancashire Women's Centre has grown significantly over the last five years. This is due to the commitment of our staff and volunteers and also our ability to be adaptive and responsive to local need.

With growth comes many challenges. We need to ensure that we can clearly articulate our vision and direction of travel, test new ideas whilst ensuring that they fit our ethos and abilities and identify new areas of development.

Our new strategy is simple, concise and owned by all of us.

★ Our vision

Women and their families in the communities we serve are able to achieve their potential to develop their skills and live safe, healthy and prosperous lives.

★ Our mission

Providing high quality integrated Health and Social Care in Cumbria and Lancashire to women and their families.
