

A little Background...

So why would you want to write out the Bible by hand?

A few reasons - So that:

- 1) We might **more fully appreciate what we owe** to those who wrote down God's Word and those who for centuries copied it, so that it would be preserved until now.
- 2) Through each of us writing just a few verses of Scripture that we would consider **what place the Scriptures have in our priorities** and how we respond to God's call on our life.
- 3) We might realise that God's Word is **inclusive**, - intended for everyone - even if it is not yet available in the languages that hundreds of millions speak today.
- 4) We might feel part of a project that will have had participants **all over Northern Ireland and the Republic**.
- 5) **People of all ages, including the elderly and housebound**, might also have the opportunity to participate.
- 6) **Non-Christians as well as Christians** can do something significant together and realise that God's love is revealed in the Scriptures as they direct us to Jesus Christ.
- 7) As a result, we might **generate donations to fund the translation and distribution of Scriptures in other parts of the world**, among people who do not have the resources to access Scripture by themselves.

Finally, we trust that participation in this project, at a time of your choosing, will be a blessing to everyone who takes part.
