Literacy4Life

How can people know God fully if they do not know His Word?

It is BSNI's hope that millions of people will discover the love of God and His life-changing salvation through Bible-based literacy.

John 4:14

"But those who drink the water I give will never be thirsty again. It becomes a fresh, bubbling spring within them, giving them eternal life."

Literacy 4Life

Literacy *n.* The ability to read and write or to have a particular knowledge of something

Today one in five adults remain illiterate.

Literacy is a much needed and desired skill for millions of people across the world.

4 ways to respond

The Bible Society faces the challenge of promoting literacy by helping people to learn to read and write - through Bible-based literacy classes, listening groups, New Reader Portions and Braille.

Projects are run in many countries across the world, promoting Bible-based literacy and encouraging people to take life-changing opportunities as they delve into the Word of God.

...lives are changing with literacy...

"Literacy lessons are changing the day-to-day lives of these women... the overall impact is great: people's daily lives are being changed completely!"

Mr Kienta, Literacy classes in Mali

Only Christ can give eternal life, but we have been placed in situations where we can share His thirst-quenching Word and teach people of the hope that remains in Him.

John 4:14

"But those who drink the water I give will never be thirsty again. It becomes a fresh, bubbling spring within them, giving them eternal life."
