

## CITB - Construction Skills Site Safety Plus Site Management Safety Training Scheme (SMSTS) Refresher Course

Number of Delegates:	6 – 20
Course Duration:	2 Days
Course Outcome:	Certificate

### Introduction

The SMSTS refresher course is designed for delegates who have previously passed the full SMSTS course and the validity of their original certificate is due to expire. It is intended to bring health and safety knowledge up to date, as well as exploring any legislative changes and their impact in the workplace.

### Aims & Objectives

The refresher course aims to improve delegates' awareness of recent developments in construction, legislation and health, safety, welfare and environmental issues.

### Course Delivery

This course is delivered as a short intensive course, preferably over two consecutive days although it can be delivered on two non-consecutive days if required by the client. Training involves classroom based tutorials and practical exercises.

### Location

This course is available at a number of training centres across the country. Please contact us for information.

### Certification

Renewal of Construction Site Manager's Safety Certificate.

### Delegate Eligibility/Entry Requirements

Only delegates who hold an existing SMSTS or subsequent refresher course and can provide evidence are eligible to attend the refresher course. Delegates who have exceeded the six-month grace period are not eligible to take the refresher course. It is important that all delegates have a good understanding of spoken and written English.

### Additional Information

If a delegate cannot provide a copy of their certificate, it may be possible to receive confirmation from Construction Skills Helpdesk on 0844 844 1315. The Helpdesk will require delegate information such as registration number, date of birth or National Insurance Number in order to locate the appropriate record.
