Be a voice, not a victim

Many of us can't start a family because we don't have the money to move. Many adults still live with parents and can't afford to fly the nest. Many of us struggle to pay for the roof over our heads, or become homeless.

It doesn't have to be this way. We're asking politicians to commit to end the housing crisis within a generation. This year's general election is the time to make that happen.

We need your help! Add your voice to end the housing crisis at HomesforBritain.org.uk or fill in your details and post this card back to us.
