<b>Additional comments from attendees</b>
<ul style="list-style-type: none"> <li>• The varied format (presentations, interview, Q&amp;A panel) is a great way to run the event and engage the audience. The quality of the presenters, interviewee and panel members was high standard and just right for the occasion. Thank you for an informative and enjoyable meeting.</li> <li>• More time for questions would have been helpful. Also, the ability to ask each individual speaker at the end of his presentation (rather than at the end) would have been preferable.</li> </ul>
