

# Research on Antimicrobial Resistance at the National Veterinary Institute

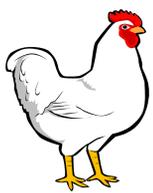

Department of Animal Health and Antimicrobial Strategies, National Veterinary Institute (SVA), Uppsala, Sweden

Horizon Scanning  
 ↓  
 Routine Diagnostics  
 ↓  
 Monitoring

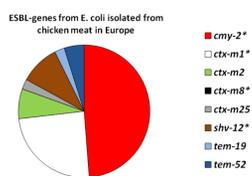

## Examples of Research Projects

ESBL in broilers

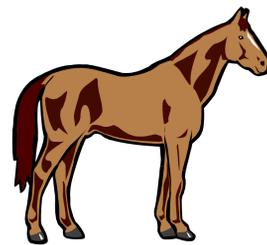

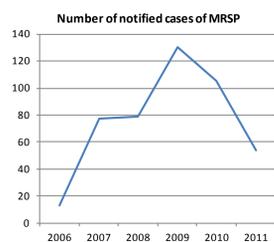

VRE in broilers

ESBL in food

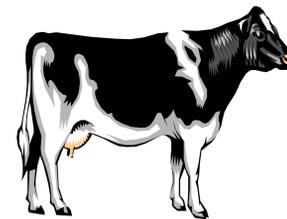

Resistant bacteria in dogs:

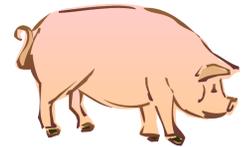

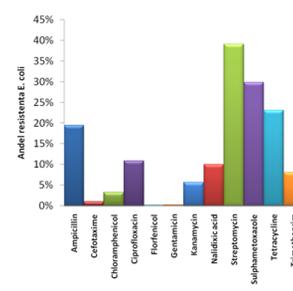

- MRSA
- MRSP
- ESBL

Infection control within veterinary healthcare

Resistant bacteria in calves

Resistant bacteria in organic pig production

Antibiotic use at farm level
