

HaworthTompkins

Job Description

Project Architects

Award-winning architectural practice Haworth Tompkins, based in Kentish Town, are currently looking for experienced project architects with strong design, detailing and communication skills, to work on a range of medium to large scale projects in the housing, cultural, performance, higher education, and conservation sectors.

ATTRIBUTES

- Have worked on design-led projects in the UK
- Experience leading medium to large scale projects at all RIBA workstages
- Good understanding of construction and be able to prepare detailed working drawings and designs
- Be confident leading a small office-based team independently
- Have experience of running completed projects on site
- Familiar with UK building and planning regulations, as well as other UK design standards
- Ability to lead a team of design consultants and be confident coordinating complex projects
- Ability to prepare building specifications

As well as the above, successful candidates would preferably also meet the following criteria:

- Be comfortable presenting to clients and chairing design team meetings
- Minimum 5 years post Part III or 7 years post Part II experience
- Awareness and appreciation of design and urban issues and the ability to discuss these and share your opinions

ADDITIONAL INFORMATION

We use Bentley Microstation and Revit CAD packages to develop our projects. Experience using this software is advantageous, but training can also be provided. We work as a collaborative and proactive studio where communication and knowledge sharing is encouraged. Project work is supported by a programme of lunchtime talks, construction site visits and office trips.

Haworth Tompkins is an equal opportunities employer and we welcome applications from all backgrounds. We seek to support flexible working arrangements to suit family commitments. Regrettably due to the expected volume of replies, we can only contact shortlisted applicants.

Apply by email only, do not send printed documents or links to online portfolios

1. Save your CV, covering letter and work examples as PDF documents
2. Zip the PDF documents and rename to the following with the date and your name in the format: yymmdd-forenamesurname.zip
3. The zipped folder should be no larger than 10MB
4. Do not copy and paste the cover letter into the body of the email
5. Insert the position you are applying for in the subject heading
6. Email to architectjobs@haworthtomppkins.com
