

Multi-Device Recording Positions

Multi-device recording for running races

- In some races, two devices are required: i) the Admin phone (the phone which makes the invitation to sync) and ii) the Second phone (which accepts the invitation to sync)
- For races such, please position your phones in the following manner.

Position of Admin smartphone for two device recording

Position of Second smartphone for two device recording

- These two positions will enable the system to automatically calculate your results.
