

# Jazz up your jeans

## What you need:

- An old pair of jeans
- Fabric paint or pens
- Fabric glue
- Sequins or any other stick on accessories

- Take a lump of clay the size of a small fist and roll it into 10 or so small balls.
- Join the balls together with the sticks or straws to create a double helix shape (see photos).
- Mix some poster paint with a small amount of PVA glue to make the paint stick to the clay better.
- Paint the clay balls or leave them plain and then leave to dry.
