

Make a denim collage

What you need:

- Pieces of cut up jeans (different colours will look best)
- Pictures of jeans and denim cut out of magazines and catalogues
- Scissors
- Glue
- Card for the background
- Glitter, sequins, feathers & anything else you would like to include

- Use scissors to cut out pieces for your collage. Try cutting your scraps into unusual shapes, cutting out words or letters from a variety of sources to make phrases on your collage.
- Arrange the items on your background.
- Apply glue to each item.
- Let the finished collage dry completely
- Don't forget to send photography of your masterpieces to hello@jeansforgenes.com for us to display on our website.
