UK AIRPLAY ANALYSIS

■ BY ALAN JONES

Setting another personal best for plays - which rise marginally from 5,776 to 5,807 - **Pharrell Williams'** Happy is No.1 on the radio airplay chart for the sixth straight week. Its audience declines for the second straight week, falling 6.41% to 91.89 million but it is still far ahead of allcomers - new runner-up Rather Be by **Clean Bandit** is 64.59% in arrears, having amassed an audience of 55.83 million from 3,537 plays.

Rather Be grew its audience by more than 18% last week, and increased its tally of monitored plays on the Radio Monitor panel by a massive 1,044. A top tally of 30 plays from Radio One made a 28.88% contribution to its

audience, while it secured top tallies of 87 plays from The Hits Radio and 67 apiece from KISS's Bristol, Cambridge and London transmissions.

Struggling on sales - it falls 66-77 this week - Heart To Heart is a big radio hit for **James Blunt**, surging 20-10 this week to become his second straight Top 10 entry from current album, Moon Landing. The album's first single, Bonfire Heart was only marginally bigger on radio - peaking at No.8 - even though it got to No.4 on the Official Charts Company sales chart. Heart To Heart was aired 1,646 times on 172 stations, and attracted an audience of 35.25 million last week, but would have struggled

without 18 plays from Radio Two, which provided 69.77% of its audience and played only **Gregory Porter's** Liquid Spirit more often (20 times). Despite Radio Two's massive contribution to its audience, Heart To Heart was actually played more often by 22 other stations with top tallies of 29 spins each from Real Radio's Yorkshire, North West and Wales outlets. What is surprising - considering Blunt's broad, MOR appeal and the title of the song - is that Heart To Heart had very little support from the Heart network, none of whose 18 outlets aired the track more than four times.

After its giddy tally of 40 plays from Radio One the previous week - the highest any track has had on the station this decade - **Gorgon City's** Ready For Your Love

was aired 'only' 29 times on the station last week but increased support from elsewhere saw it jump 25-14 on the radio airplay chart, with a 41.32% increase in plays generating a 22.22% jump in audience for the track.

Pitbull's Timber (feat. Ke\$ha) remains atop the TV airplay chart for the fourth straight week, with support for its promotional videoclip easing only slightly from 866 plays to 861. With runner-up Pharrell Williams' Happy in faster decline, Timber actually extends its lead at the top. The biggest threat to it continuing its reign seems to be Clean Bandit's Rather Be, which jumps 6-3, while raising its plays from 632 to 775. The latter tally includes contributions of 77 plays from Smash Hits TV, and 73 each from Capital TV and Chart Show Dance.

Duke Dumont rules both Upfront and Commercial Pop club charts

ANALYSIS

■ BY ALAN JONES

After releasing several uncharted singles on Turbo, Dubside and Because Music, Duke Dumont had his first club chart success last year, when Need U (100%) - with a vocal from A*M*E - rocketed to the top of the Upfront and Commercial Pop charts.

The track later topped the Official Charts Company sales chart, selling upwards of 400,000 copies but Dumont was

apparently in no hurry to consolidate his position, and only now - 11 months on - has follow-up I Got You (feat. Jax Jones) completed a short ascent of the club charts, emulating its predecessor by jumping 3-1 Upfront and 5-1 Pop this week.

Although Need U (100%) and I Got You both bear the Blasé Boys Club badge, the former was signed to Ministry Of Sound, and the latter is via Virgin/EMI, and is the dominant half of a Virgin/EMI shut-out at the top of the charts, with

labelmate Tensnake's Love Sublime (feat. Nile Rodgers and Fiora) serving as its runner-up on both lists. It is the fourth week in a row that Virgin/EMI or sister label Positiva has had the number one Upfront hit, with Sick Individuals, Gorgon City and Route 94 its immediate predecessors at the summit.

Exactly two years since her last No.1 End Of Time, Beyoncé is back on top of the Urban chart with a promo combining both of her current sales hits, Drunk In Love (feat Jay Z) and XO.
