

AGS58800S1 Freezer

Keep disruption to a minimum with faster, fuss-free defrosting

Thanks to its LowFrost technology, this fridge-freezer can be defrosted faster than ever, and with even less fuss. And that helps you to keep disruption to a minimum.

Perfect control over the freezer's storage conditions of your food

For precise control over your freezer, the visible and audible alarms alert you as soon as the temperature rises too high. The upright freezer also records the highest temperature reached.

Instant feedback on the status of all your stored food

Be assured that your food is being stored at the right temperature, should the internal temperature rise the high temperature alarm will start to blink red.
