

So far this term, the Black Students Campaign has signed up over 100 new students at freshers fayre. Also held a successful and productive Black History Month event at at the college.

It was a day long event with a series of workshops on Black History and how we challenge racism today. Speakers included the NUS Welfare Officer and the NUS Black Students Officer.

At the end of the day event there was an evening film showing and discussion of the Black Power Mixtape. Plans for the next big event are currently taking place. We are looking to host a Love Music Hate Racism gig with several BME artists performing. There will be speeches from anti - racist campaigners as well as an exhibition on the history of anti-racist struggle in Britain and an exhibition on Islamophobia and how we can challenge it today.
