

1876 Protecting LGBT+ Refugees and Asylum seekers

Proposer: Sharmin Hoque (LGBT+ Caucus Women's rep)

Seconder: Chris Ball (Psychology society)

Union Notes

1. That since the outbreak of the Syrian Civil War an estimated 9 million have been forced to flee their homes.
2. Millions more have fled the region since the conflict with Daesh began.
3. LGBT people are frequently killed for their sexuality by both Daesh and the Syrian government.

Union Believes

1. That Britain's support for LGBT Human Rights shouldn't stop at our border.
2. That LGBT people are fleeing persecution by cruel parties who would execute them for their sexuality.

Union Resolves

1. To campaign for the government to extend asylum to LGBT refugees fleeing homophobic persecution.
2. To lobby the government to use the department for international development to promote LGBT human rights worldwide.
