

## PortAventura opens its doors to summer at Costa Caribe Aquatic Park

The water park set to kick off 2014 season

**PortAventura, 23 May 2014.** - The arrival of warmer, summer weather means it's the perfect time to take a refreshing dip. Costa Caribe Aquatic Park, PortAventura's water park, will open its gates again next Saturday with more than 50,000 m<sup>2</sup> of thrilling slides, pools and great entertainment for the whole family.

As it does every year, the spectacular water park will delight children and adults throughout the whole summer thanks to its 16 attractions, over 8500 m<sup>2</sup> of water-covered surface areas and 5000 m<sup>2</sup> of areas of lush greenery in which to relax. With a prime location near the Costa Dorada, Costa Caribe Aquatic Park boasts first class facilities with meticulous theme detail. Families will enjoy a complete Caribbean experience in which they can immerse themselves in tropical nature, thanks to the park's extensive green areas featuring more than 50 species of plants and palm trees.

Lovers of slides will again have the opportunity to visit **King Khajuna**, the park's star attraction. At 12 storeys high, it is the highest free fall slide in Europe. With descents of over 55° and a downhill speed of more than six metres per second, it is only for the most daring.

Anyone looking for a less intense sensation can choose from other slides in the resort such as **Ciclón Tropical**, a more moderate **Multi Bump** ride with a fun, undulating track of more than 100 metres with rapid changes in elevation.

Younger guests also have Sésamo Beach, an area especially designed for them and completely dedicated to fun. Kids can fight duels with Sesame Street characters aboard the **Galeón Pirata** in the children's pool and frolic in the adjacent **Cayo Cookie** water jets.

Costa Caribe Aquatic Park also has other major attractions such as **Rapid Race**, a 6-lane slide where children and adults compete to descend as quickly as possible, and **Playa Paraíso**, a pool with waterfalls and different levels where families can choose to have fun or unwind on the relaxing and refreshing shallow water beds.
