Dear Parents.

Thank you to everyone who came to our parent consultations yesterday. For us, it is a valuable time to sit down with parents and discuss how we can work together to help your child get the most out of school. I hope you found it an informative opportunity to find out how well your child is learning and things you can do to help the learning process along. If you have any feedback about the session that you would like to pass on, either positive or constructive, please feel free to speak to me or email the school.
