

Extend Learning
Academies Network

October 2nd 2017

Dear Parents, Carers and Friends,

I am delighted to confirm that the Secretary of State for Education approved the conversion to academy status of Locking Primary School on October 1st and it has now formally become part of the Extend Learning Academies Network (ELAN).

Over the past 15 months our six schools have worked really hard to achieve this goal, our aim is to work together to ensure all schools continue to meet the needs of their communities and use our combined expertise to develop and improve provision for the children in our care. I know that the staff, governors and Board members across our schools are excited about the opportunities ahead and really looking forward to working closely on whole MAT projects and events.

I am looking forward to getting out into all the schools, meeting the children and communities and learning how they work and why.

If Friday's Tropicana Big Day Out was anything to go by it's going to be a lot of fun.

Yours Faithfully

Adam Matthews
CEO ELAN
