## Blog Spot

Years 3 & 4 are looking forward to their trip to Penzance next Thursday so if you have not yet returned your consent forms please do so on Monday morning. Their visit is to one of the best-preserved ancient villages in the South West. Carn Euny was occupied from the Iron Age until late Roman times. It includes the foundations of stone houses from the 2nd to 4th centuries AD, with walls up to a metre high in places. At the heart of the village is its most intriguing feature - a stone-walled underground passage known as a fogou. This mysterious type of Iron Age monument is found only in the far west of Cornwall. Mrs Alberts received funding to help pay for the transport to Penzance and the trip is linked to their class topic work.

As mentioned last week we have planned some information sessions for parents to help you support your children with homework. The maths sessions are focusing on the written methods. Everyone is welcome, just pop along if you can.

Phonics (for reception parents) 9.15am Friday 13<sup>th</sup> October

The cost is 50p and all the money goes towards Lanlivery School PTA. This is used in a variety of ways to support the children so we are very grateful for your continued support.

If you would like to be included on the rota for making/buying the treat we would be delighted! Just speak to one of the PTA.

Thank you
