

What is Recycleopedia.com?

...the UK's most detailed recycling location and item search tool, currently listing over 3500 searchable item terms and 22,000 recycling locations in the UK.

The Customised search tool

You can now have your own version of our unique search tool on your website.

- Users **search** by item or product name and their postcode within your website
- **Results** are then shown on your website for local
 - Kerbside Collections
 - Bring Banks
 - Recycling Centers
 - On Street Recycling Bins
 - Or internal recycling facilities
 - Other locations we have listed

The screenshot displays the South Oxfordshire District Council website. At the top right, there is a search box with the text "What do you want to recycle?" and a "RECYCLE IT" button. Below this, the website header includes the council logo and navigation links. The main content area shows a search result for "What can I recycle?" with the heading "2 places where you can recycle coke can near OX10 8ED". The results list "Coke can: Cans & Tins" and provide instructions on how to recycle them. A map shows the location of a "Car Park" near Wallingford. At the bottom of the search results, there is a "Search Again?" section with a search box and a "RECYCLE IT" button.

How it helps your residents and staff

- Helps people to separate their waste easily
- Helps educate residents & visitors on what they can and can't recycle in their Kerbside collections
- Helps people find their nearest recycling location when out & about
- Makes it easy to find out what different parts of a product or it's packaging can be recycled

How does it help you?

- Educates your residents, visitors or staff on what they can and can't recycle in different bins and locations
- Helps increase your recycling collection's quality, reducing unusable loads
- Helps increase your overall recycling collection, helping you to hit and exceed recycling targets
- Reduces the amount of waste being sent to landfill and the costs this incurs

Keeping your information up to date

- With our monthly contact service we double check all of your details including bin location and kerbside changes every month.
- Any changes to your Kerbside Collections, Bring Banks, On Street Recycling Bins and Recycling Centers will be instantly updated for all users.
