### **New flibco.com line in Budapest**

**flibco.com is continuing its European expansion with a new line connecting Budapest Airport with the city center of Budapest.**

On Monday April 3, flibco.com, the Luxembourgish specialist in shuttle services inaugurated its new line in Hungary, the first in Eastern Europe. With a departure frequency of every 30 minutes - 24/7, this new line connects various important points from the city center to the airport of Budapest. This new line reflects the will of flibco.com to continue its expansion abroad. In addition, Budapest is a popular destination for flibco.com customers in Luxembourg and the Greater Region.

flibco.com, company specialized in the transfer to airports, has grown a lot in the Greater Region (Luxembourg, Belgium, Germany and France) since its launch. This operator, labelled "Made in Luxembourg", continues to expand abroad with regularly openings of new lines, like recently in Portugal and in Cyprus.

Budapest International Airport is one of the hubs of air traffic in Eastern Europe with almost 10 million passengers a year. The airport is served by no less than 38 airlines (7 low cost and 31 full services) such as Lufthansa, Ryanair, Wizz Air, KLM or EasyJet, connecting 88 destinations in 35 different countries. The introduction of this new line is part of the airport's desire to improve its passenger services and is a major asset in the development and accessibility of the airport to passengers.

flibco.com constantly seeks to facilitate the daily life of travelers and to improve the services of transfer to the airports. In addition, traveling with flibco.com symbolizes a comfortable, affordable and environmentally friendly way to get to the airport on board the famous green/white coaches.
