

## **The Catch-up Premium**

As you may be aware, the government announced last June that schools would receive additional funding in the light of the disruption to pupils' learning caused by the Covid pandemic. Over the course of this academic year Herschel will receive additional funding of approximately £56,000 which will help meet some of the additional costs we have incurred in the running of the school over recent months. We are also using this funding to support pupils' learning, helping them "keep on track".

We have been consulting with staff and monitoring pupil progress to ensure this funding has maximum impact on the wellbeing and progress of our learners. Further information will be published here in due course, giving more detail on our priorities, our spending and the impact these interventions have had.

Mr Bourne
