Sky Q Silver incorporates everything from Sky Q and more.
Watch recordings anywhere around your home, sync them to your tablet to take with you, and even pause a recording in one room and carry on in another on any TV screen or tablet.
You can record four live shows whilst watching a fifth and have 2TB of storage – storing up to 350 hours of HD recordings. Over five times more personal storage than Sky+ HD.
The Q Silver box is UHD ready.
Change the way you watch TV forever.
Welcome to Fluid Viewing™.

**Key benefits**

**My Q**
My Q makes finding the TV you love simple. You can find what you were last watching and pick up where you left off. Plus, receive suggestions of new shows based on what you watch already.

**Q Sync**
With Q Sync you can now sync recordings from your box to your tablet to take with you wherever you go, even when you’re not online.

**Sky Q app**
Enjoy the best entertainment anywhere in your home with the Sky Q app.

**Q Play**
With Q Play, you can watch shows, even recordings, on TV screens and tablets throughout your home. If you’re half way through a recording, Q Play allows you to pause a show in one room and pick up the action right where you left it on another TV or tablet.

**Sky Q touch remote**
Control the action effortlessly with our intuitive Bluetooth remote.

**UHD ready**
Your Sky Q box comes UHD ready.
