

Week beginning 21st September 2020.

Settling In & Routines

The children have generally all settled in really well to their full-time days in school. They are now usually able to come into school sensibly in the mornings and know what is expected of them, even posting their names in our 'self registration' pots, specifying what they are having for lunch, remembering where they sit in the classroom and even all joining in with the register politely.

Our 'People Who Help Us' day was a great success! The children loved talking about who they were dressed as and what they do to help us all. Thank you for all the effort you put into their costumes. In Maths the children continued to work on patterning and in English we introduced The Gingerbread Man.

You will be pleased to hear that we now have a supply of disposable aprons that the children can use in the creative area, mud kitchen and water play. Can we please request that wellies are sent in as soon as possible though!
