

Hello parents and carers,

As we move further through this lockdown I think it is more important than ever to keep in contact as a school community. Can I please remind you all that key staff are available each working day on 0191 4244859 and 07760495860 or by e mail at office@biddickhallinfants.co.uk

I know some of your children have contact with their teacher on purple mash and the teachers do let me know how the children are getting on with their distance learning and how much they look forward to their contact with them.

Some of you have also asked for some additional work packs. In response to your requests staff will print packs for phonics and maths which you will be able to collect week beginning 4th May. Details of when your packs will be available will be posted on my school app and the website next week.

In order to help keep your child motivated and interested in their learning staff will begin to make telephone calls to speak with them. We very much hope that this will help your children to understand that although they don't see us each day we are all still very much involved in their learning and indeed interested in how they are getting on generally during these unusual times.

I will also contact pupils myself over the coming weeks and look forward to having a catch up with them. Please do check the website regularly as new timetables are posted each Wednesday as well as online learning and some subject specific ideas for you to use. My school app will also alert you to any new information.

As always take care of yourselves and your families. Do not hesitate to contact us should you need any help at all.

Stay safe,
Andrea Willis
