Dear Parents / Carers,

Corona Virus COVID-19: Information And Support

Currently there are no changes to the coronavirus risk in school. **We have no confirmed cases.** However, we are **preparing for potential school closures** on a national level if the virus continues to spread. It will not be our decision to close but a government initiative. We will inform parents via phone, text, email and the school website as soon as we are made aware of any closures.

Current Government advice is that if your child has symptoms of Corona Virus they should stay at home and not leave the house 7 days from when the symptoms started.

In the event of school closure, we will be providing distance learning for all pupils. This will be online based learning (Ed Lounge) and will require internet access and a tablet / mobile phone or computer at home.

We are asking all parents and carers to **contact the school office** if they **do not have access to the internet or a computer, tablet or mobile phone at home.** We will make alternative paper based learning available for those children who are unable to access online learning. Our primary school pupils will also be provided with work packs. We also ask that parents ensure their **contact details and email addresses** are up to date.

Please see the attached information sheet which outlines how to access the online learning platform at home. Students are expected to login and complete the lessons for at least 2 hours in the morning and 2 hours in the afternoon.

Thank you for your ongoing support during this unique and unknown time.

Kind regards,

Miss K Walton
