

## Gaia Mother Earth

### Text 2 – Tuesday 8<sup>th</sup> June

1) Look at the paragraph beginning ‘Gaia sucked up ...’

Where did Gaia store the heat?

2) When Gaia pushed together the plates of rock what did she create?

3) Why is Gaia collecting the sand ‘grain by grain’?

4) What was the name given to the heavens?

5) ‘As Gaia disentangled herself from the waters and the gases...’

Choose a synonym which could replace the word ‘disentangled’ in the sentence above.
