MARITIME CAREERS DAY, SATURDAY, NOV 28, 10AM - 2PM

Are you looking for a challenging career in a dynamic and exciting environment? If the answer is yes, then a career at sea could be for you!

The cadet experience is one like no other. Professional life on and around the sea is challenging and offers excitement you won't find in other sectors.

This is your opportunity to speak to leading shipping companies who will actively be recruiting for officers in deck, engine and electro-technical.

You'll also have the chance to talk to our experienced marine teaching staff and hear first-hand from our current cadets about life at sea and what it's like to study at South Shields Marine School - winners of the prestigious Queen's Anniversary Prize for Higher and Further Education, 2019.

A career at sea offers a life changing experience with no two days the same. What are you waiting for?

Discover your route into the Merchant Navy at the award-winning South Shields Marine School.
