Dear Parents/Carers,

We are looking forward to welcoming everyone back to school over the next few days.

## School Attendance

I understand that some children and families are anxious about the return to school. However, it is important for your child's education and health and wellbeing that they return to school. The school building has been thoroughly risk assessed and the staff have had all appropriate training.

If you have any questions about returning to school please contact school by email or phone and a member of staff will answer any of your questions. The full risk assessment is available on the school website.

Please complete the survey which was sent out by text and seesaw. This gives us information about your child and will help us to make sure that they have a smooth transition back to school.

**Attendance at school is now statutory. This means that the law states that your child must attend school. Holidays in term time are not authorized.**

If your child is ill you need to contact school on 263 5976 and speak to myself or Mrs Young. If your child has Covid-19 symptoms you will be required by the school to get a test at a test centre and report the results to the school as soon as possible.

## Start and End of School Day

Please make sure that you follow the guidance on dropping off and picking up your children from school.

- The start and the end of the school day will be staggered to ensure that social distancing can be maintained. Please make sure that you keep to your times.
- Only 1 adult per family to drop off/collect children. **Please stand behind the curved brick walls and do not stand near the classroom doors.**
