

St Joseph's RC Primary School, Jarrow 2020

Pupil Use of Google Classroom

Before you begin to use Google Classroom we would like to draw your attention to the following:

When your child logs in to Google Classroom they will be able to see the names of all of the children and staff in their class/bubble.

When your child logs in to Google Classroom they will be able to see the email addresses of all of the children and staff associated with their class/bubble.

The Information Commissioner's Office (ICO) has advised us that this is not regarded as a data breach.

The ICO has said Google Classroom is a reasonable and proportionate way for children to access learning and resources.
