

English Home Learning Grid (Y5)

22nd June - 3rd July

- Read a book independently for at least 20 minutes daily
- Read to an adult, sibling or through media to a friend
- Learn your spellings each week and ask a family member to test you
- Choose one box below to work on each day.

Please keep evidence of all your great work and share it with us on Class Dojo or Google Classroom to celebrate your achievements!

Before completing any of the English activities, you need to watch the video link in the first box.

Lesson 2

Create your own written or oral weather report. It could be for a local or a national weather report. Click on the link below to learn about how the BBC reports the weather.

You might want to use your written report and record yourself delivering it! Maybe you could freeze your tv on a weather forecast and you could be the person to present the forecast for the upcoming weather conditions for our country.

Accelerated Reader

It's great to see so many of you being engaged with Accelerated Reader. Where possible, try to read books from your zone (you can find this when you log in and go to the progress section). Try to read on a regular basis. We both look at the amount of words you are all reading each week and have been really impressed by the amount some pupils are reading. Maybe this Learning Grid could be the one to get you on the track of being a frequent reader and scoring points. There is now a reward system which sets you new targets and gives you certificates for your achievements. It might be your name on the weekly achievements for 'Reader of the Week' next time! Go on! Be a Bookworm!

Remember to use this exact log in...
