Looking for a professional and reliable out of school care? A place where your child will feel at home? Look no further than Skar! Our locations always have something fun in store for your child. Your son or daughter receives the best care possible with us. You can rest assured that your child is in good hands.

At Skar we offer your child more than just out of school care. The whole year through, we organise activities in the areas of sports, culture, nature, technology and multimedia. Think about workshops in djembé, graffiti, breakdancing and getting creative with just about anything. How about three days of football or music? Next to planned activities, playing in our outdoor spaces fills some of the most important hours of the day. There is no 'must' and almost everything is possible! Whether it's kicking back together with a glass of something cool or doing homework.

Personal development

We pay close attention to the creativity, independence, personal development and empowerment of every child who attends Skar. Children's participation is important; the children themselves decide what comes first. Our educational expertise enables us to look how your child is developing, and where that development is or needs to be. This helps us to shape our activities to the interests and progress of your child.

Almost like home

We create a home-like atmosphere for the youngest children. Within this familiar environment, our pedagogical staff responds to your child's need for personal attention. We share something to eat and drink together after school and play games, take on art projects and read stories – together. And, of course, we play outside!

Professional and reliable

At Skar our staff is not just professional – they undergo the latest training and ensure that their knowledge is always up to date – they are also involved, reliable and have a never-ending passion

for their work. But don't take our word for it; the outstanding reviews by the Dutch childcare inspection says it all.
