A programme specification is a collection of key information about a programme of study (or course). It identifies the aims and learning outcomes of the programme, lists the modules that make up each stage (or year) of the programme, and the teaching, learning and assessment methods used by teaching staff. It also describes the structure of the programme, its progression requirements and any programme-specific regulations. This information is therefore useful to potential students to help them choose the right programme of study, to current students on the programme, and to staff teaching and administering the programme.

A. Field Rationale

The Business Field is part of the University Joint Honours programme. It is designed to take advantage of existing teaching and research expertise within Hertfordshire Business School (HBS). Business is one of the largest fields on the Joint Honours programme, and can be studied in various study patterns, as indicated above. The University Joint Honours field in Business will draw upon the vast expertise offered by the Business School in offering a pathways to students who want to combine subjects from other Schools with Business.

B. Educational Aims of the Field

The field has been devised in accordance with the University's graduate attributes of programmes of study as set out in [UPR TL03](#).

Additionally this field aims to:

- develop students' practical, transferable, intellectual, study, employability and enterprise skills;
- provide a supportive environment for learning;
- prepare students for postgraduate study and/or professional study;
- provide students with appropriate employability skills within the global context.

C. Intended Learning Outcomes

The field provides opportunities for students to develop and demonstrate knowledge and understanding, skills and other attributes in the following areas. The field outcomes are referenced to the Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies (2014) and relate to the typical student. Additionally, the SEEC Credit Level Descriptors for Further and Higher Education (2016) have been used as a guiding framework for curriculum design.

D. Field Structures, Features, Levels, Modules, and Credits

The field is offered in full-time (3 years), sandwich, study abroad or year abroad (4 years) and part-time (6 years) modes and leads to an award of a BA (Hons) Business with <Minor>, BA (Hons)/ BSc (Hons) Business and <Joint>, BSc (Hons)/(BA Hons) <Major> with Business. Entry is normally at level 4 (with A-level or equivalent qualifications) but is possible at level 5 or 6 with suitable qualifications.

Entry is normally in September for semester B, February for semester B and /or May for semester C.

Work-Based Learning, including Sandwich Programmes

A designated Sandwich programme leads to a University award in the Sandwich mode and the word “Sandwich” appears on the award certificate. An award in the Sandwich mode is made if, in addition to the period required for the full-time award, at least 36 weeks full-time equivalent, approved and supervised placement activity is undertaken. Students need to successfully complete the HBS Placement Portfolio.

Studying Abroad – details are available from the Study Abroad Office.

Students have the opportunity to study abroad (within Europe or world-wide), for one or two semesters, between Levels 5 and 6. The Study Abroad Office advises students on this process.

Students who have successfully completed Level 4 can choose to spend a year abroad, *additional* to their studies, studying either two semesters at the host institution, or mixing one semester of study abroad with a placement abroad (normally not less than 12 weeks in duration). Passing their studies will earn them the degree title suffix ‘with a Year Abroad’. Programme Leaders must agree the Study Abroad. For students taking Study Abroad as additional to their UH studies, their degree classification is based on Level 5 and Level 6 grades gained from their UH modules, as for home UH students, as in the UPRs*.

Additionally, students may also take the opportunity to study level 5 at a host institution *in place of their level 5 at UH*. This requires a very good match between the UH Level 5 and the host institution’s Level 5 (NB Students should seek advice from their Programme Leader where their programme involves professional exemptions). Programme Leaders must agree the Study Abroad, and only students who pass all 120 credits of their Level 4 at UH may substitute Level 5 at UH with Level 5 abroad. For these students, their degree calculation is derived solely from final year grades gained from UH modules at Level 6.

Finally, students may opt to study just one semester abroad, to earn the suffix ‘with Study Abroad’. This can be explored further with the Study Abroad Office.

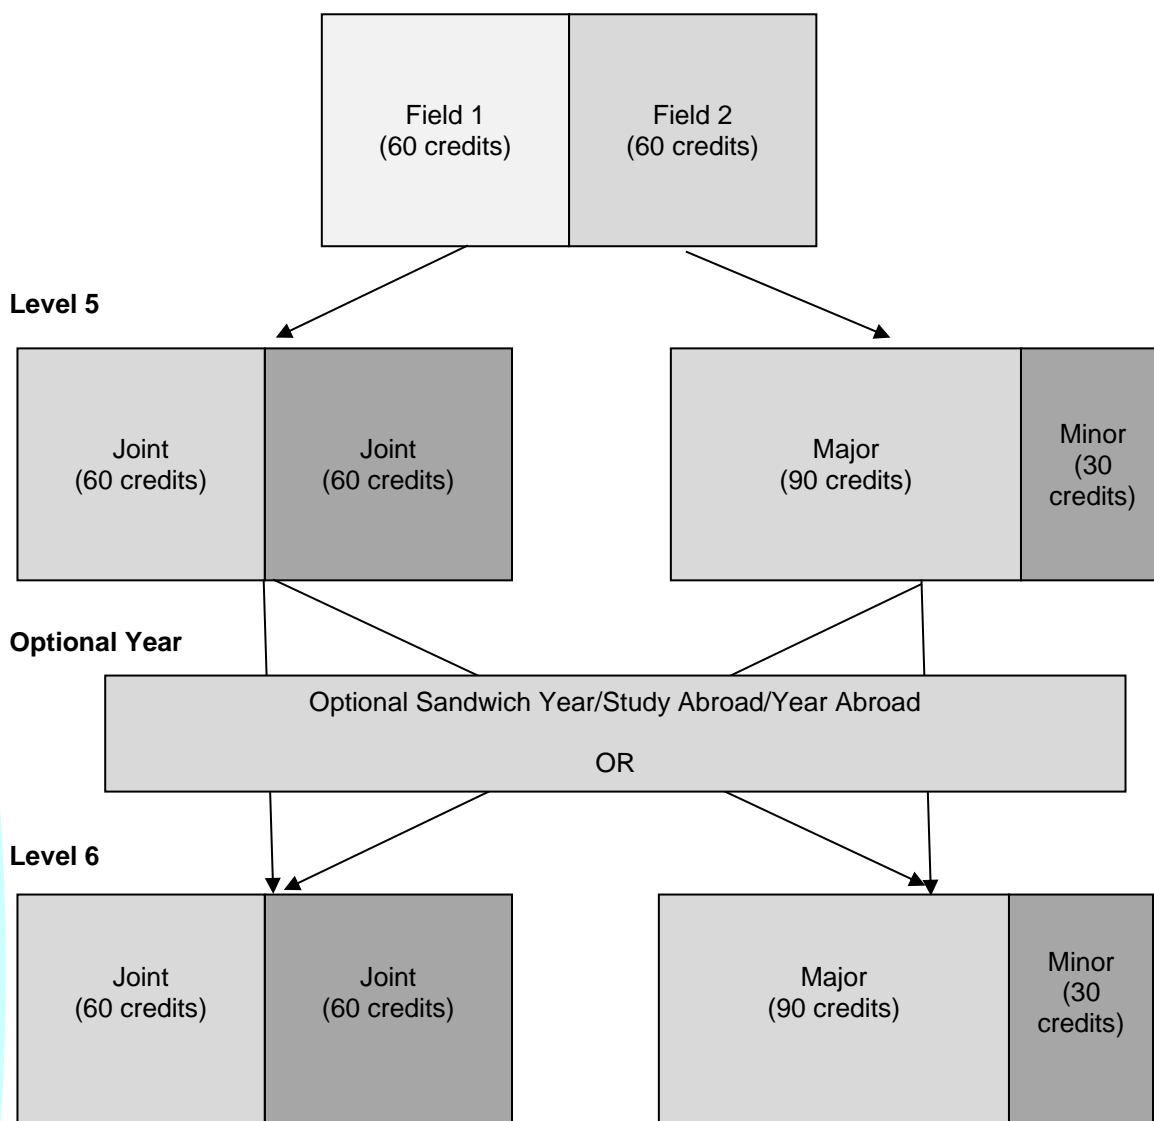

*Degree classification calculation information is available in the University Policies and Regulations (UPRs), AS14 Section D6. UPRs on Study Abroad are located within UPR AS11 in section 2.5

The [A-Z of the University of Hertfordshire](#) is an introduction to the academic, social, cultural and sporting services and opportunities available at the University of Hertfordshire, and includes the Student Charter and Student Code of Conduct.

As a condition of registration, all students of the University of Hertfordshire are required to comply with the University's rules, regulations and procedures. These are published in a series of documents called 'University Policies and Regulations' (UPRs). The University requires that all students consult these documents which are available on-line, on the UPR web site, at: <http://www.herts.ac.uk/secreg/upr/>. In particular, [UPR SA07](#) 'Regulations and Advice for Students' Particular Attention - Index' provides information on the UPRs that contain the academic regulations of particular relevance for undergraduate and taught postgraduate students.

The UK Quality Assurance Agency for Higher Education (QAA) has confirmed the quality and standards of provision at the University of Hertfordshire. A key part of QAA's role is to review and report on how universities maintain their academic standards and quality, to inform students and the wider public. The team of QAA reviewers visited the University of Hertfordshire in 2015/16 and judged that its academic standards, the quality and enhancement of its students' learning experience, and the quality of information about this learning experience all meet UK expectations. In other words, the University meets national requirements for standards and quality. The QAA's report can be accessed at: <http://www.qaa.ac.uk/reviews-and-reports/provider?UKPRN=10007147#.V-KHajXyOnE>
