

# Dometic products now in stock

There are millions of people around the world who use Dometic products. They all have one thing in common. They are going somewhere – whether they are an RV user, a boat owner, a truck driver or just a lover of the great outdoors.

Dometic's job is to meet the essential needs on the journey. Like cooking, keeping food fresh, taking care of personal hygiene, and maintaining a pleasant temperature.

Mobile living made easy.

Dometic manufactures and sells a diverse range of products within Climate, Hygiene & Sanitation, and Food & Beverage. The products are primarily for use in recreational vehicles, pleasure boats, work boats, trucks, and premium cars. Dometic operates 22 manufacturing/assembly sites in nine countries.

The products are sold in close to 100 countries throughout the world and are distributed through two sales channels: Original Equipment Manufacturers (OEM) and Aftermarket. OEM customers are manufacturers of RVs, pleasure boats, work boats, trucks and premium cars. The Aftermarket comprises of upgrade and replacement products, parts and consumables, as well as standalone aftermarket products and accounts for 40 percent of Dometic's revenues which for 2016 were over £1.1 billion worldwide.

The company has recently consolidated all its brands under one global brand – Dometic.

# Dometic 24V Microwave

## High Quality 24V Microwave Oven for Truckers

### Dinner is Served

Built for the road with ruggedness and convenient features to make truckers' lives a little easier. The Dometic MWO24 microwave oven has three cooking levels and a defrosting function. It is easy to use and just as easy to clean because it has a firmly integrated ceramic plate instead of the usual turntable.

Installation is simple, the MWO24 comes with an integrated 24V supply so there's no need for an extra inverter. Its housing has a truck-specific shape that fits snugly into many storage compartments. The fixing base gives a firm hold.

### Safety Concept

Door must be opened and closed again for the control panel to operate. Beeping alarm for 180 seconds when the door is not closed correctly and after cooking.

### Smart Energy Management

Over and under voltage protection indicated by a battery symbol in the display. Automatically changing to standby mode 180 seconds after cooking and when no button is pushed. Memory function to save frequently used settings.

### Dometic MWO24

Tested durable build for professional trucking.  
Approved by leading truck manufacturers.  
3 different cooking levels (175 / 270 / 550W).  
LED lighted cavity.  
2 fixing brackets (included).

### Plug-n-Play

With 24V power supply connector

### User-Friendly Controls

Large, easy-to-read digits and display symbols

### LED Interior Light

Lets you see how your food is doing

## Kettles & Coffee Makers

### Tea or Coffee Time?

How could anyone survive without the occasional cup of tea or coffee? The answer is they probably can't - that's why Dometic provide a selection of coffee makers and kettles to ensure your favourite hot drink is ready in no time at all. Ready to connect to 12V or 24V, space saving, suitable for wall or desk installation, and specially designed for mobile use.

### Dometic PerfectKitchen MCK750

#### Part Number

12V version: DOM9600000342

24V version: DOM9600000343

#### Capacity

Approx. 0.75 litres

#### Features

Robust relay technology, switches off automatically when the boiling temperature has been reached, or when there's no water in the kettle, status indication, wall or desk mounting.

#### Power Consumption

200W at 12V DC.

380W at 24V DC.

#### Colour

Black/Silver

#### Dimensions (W x H x D)

190 x 205 x 125mm (including fixing kit).

#### Weight

0.8kg

#### Included in the Box

Water kettle with connection cable and plug, fixing kit for wall or desk mounting.

### Dometic PerfectCoffee MC01

#### Part Number

12V version: DOM9600000338

24V version: DOM9600000339

#### Capacity

1 Cup

#### Features

Short brewing time, automatic switch-off, boil-dry protection.

#### Power Consumption

180W at 12V DC.

250W at 24V DC.

#### Colour

Silver/Black

#### Dimensions (W x H x D)

135 x 190 x 110mm (including fixing kit).

#### Weight

0.75kg

#### Included in the Box

Coffee maker with connection cable and plug, ceramic mug, fixing kit.

### Dometic PerfectCoffee MC052 / MC054

#### Part Number

12V version: DOM9600000340

24V version: DOM9600000341

#### Capacity

5 Cups (625ml)

#### Features

Swing filter for ease of use, integrated transport securing device for the glass pot, warming plate with thermostat, fixing kit for wall or desk mounting.

#### Power Consumption

170W at 12V DC.

300W at 24V DC.

#### Colour

Black/Silver

#### Dimensions (W x H x D)

240 x 270 x 155mm (including fixing kit).

#### Weight

1.1kg

#### Included in the Box

Coffee maker with connection cable and plug, glass pot, fixing kit for wall or desk mounting.

## High Performance Coolboxes

Thermoelectric technology

Dometic TropiCool coolers refrigerate down to 30°C below ambient temperature and heat up to +65°C. Using the soft-touch control panel, you can set the temperature individually – to seven different levels: from +1°C to +15°C on cooling mode or from +50°C to +65°C in heating mode. The memory function stores the previous setting in each case. The TCX range has special electronics for 12/24V DC and 230V AC supply and priority circuit for mains operation. An optional universal fixing kit (DOM9105303709) is also available for fastening coolers in vehicles.
