Thermo power-plant "Plomin C"; your fax dated 04.09.2012

Dear Mr. Ivčić

Thank you very much for your fax dated 04.09.2012 in which you asked me about the RWE position regarding the "Notification of Request for Expression of Interest" for the TE Plomin-C project launched by HEP on 24.07.2012.

I can confirm that RWE has received the above mentioned tender documents asking for prequalification as strategic partner of HEP for the Plomin C power plant until September 14, 2012.

As you mentioned in your fax, during the RWE annual meeting my colleague Dr. Rolf Martin Schmitz made clear that RWE is not planning to invest in the Plomin C power plant. This I can confirm.

Nevertheless, based on the long term partnership of RWE with HEP and our presence in Plomin, we are willing to support HEP in the modernization of its power plant portfolio and the further development of the Plomin site. What form this support could take is still under investigation.

Kind regards
