

Forme e Colori #8

 ZILIO A&C

The 8th edition of *Forme e Colori* introduces three new products to Zilio A&C's collection, and celebrates the key elements that define the design of our products — form and colour.

Our latest collaboration with London-based designers Mentsen, is a lounge chair called *Kinoko*. The soft curves of upholstered cushions are closely framed with slab-like wooden armrests and straight column legs. *Kinoko* is available in two versions: with a solid wood frame, or with a slightly slimmer metal frame.

This year we welcomed two young design studios into our family of design partners.

With German designer Peter Otto Vosding, we present *Sledge*: wall-mounted coat hooks with a simple and clean visual language. The curved body of *Sledge* is made in steam-bent ash. Two additional nylon hooks are inset in the wooden surface for hanging smaller objects.

With TA Design Studio, co-founded by designer Chung-yen Chang and Tian Jin in Milan, we developed *Hug*. The upholstered dining chair has an enveloping line that forms the armrest and front legs. Chung-yen and Tian say the name *Hug* stands for Humane, Universal and Genuine — but also, simply the feeling of receiving a warm hug.

Presented at hall 10 stand E19 during the Salone del Mobile.Milano 2019.

Sledge wall hook — Peter Otto Vosding

Hug chair

TA Design Studio

Based in Northern Italy, Zilio A&C is a family-run business historically known for chair making. Today, we work with a handful of talented designers and studios around the world, and we collaborate with local craftspeople celebrated for their production skills and knowledge of new technologies. The result is a range of beautiful products that suit contemporary life at home and work.
